

# McCourt Media

## Winter 2009 News

- **McCourt Book Club is reading Things Not Seen**, by Andrew Clements, a young adult novel about a boy who somehow disappears and befriends a girl who is blind. We still have openings for the book club, if your child is interested. The Book Club meets on the first Tuesday of every other month. Our next meeting is *December 8, 2009*.
- **Follett System**, our automated circulations system, is up and running and all students and staff are welcome to come into the Library Media Center to circulate books, videos, DVDs and Picturing America posters.
- **Orientation/Circulation:** All 6<sup>th</sup> graders have had orientation in the McCourt Middle School Media Center and now can circulate books and materials on a three week basis. Please remind your students to return materials on time; the due date is stamped on the inside of each book.
- **Picturing America Posters:** We were lucky to receive this grant last spring and we have 20 posters with 40 pictures and a teacher's resource book. Please come in to view these exceptional works of art created by American artists.
- **DVD/VCR Players:** If anyone has an extra DVD player or combo DVD/VCR player that they are no longer using, McCourt Library is in need of a few. Thanks.
- **Parent Visitation:** Looking forward to seeing you on Parent Visitation nights. We will be offering paperback books to support our Book Club for a \$5.00 donation and we will insert a "Donated By" bookplate into the book of your choice. This money helps us keep new books coming in for our Book Club members. Thank you in advance for all your help.
