

December 1, 2009

Parent Visitation

Reminder that the second parent visitation night is scheduled for tomorrow (December 2nd) from 6:00 - 8:00 p.m.

Electronic Attendance Calling

As you know, we ask that you contact McCourt if your child is going to be absent for any reason. If you do not call, either Mrs. Martin or Mrs. Lussier call to confirm your child is absent. Beginning within the next week, we will begin using a computerized calling system to notify you that your child is absent. We will be sending a test message later this week to confirm that the system is operational.

Happy Basket Participation

Thanks to all of you who donated to our food drive to benefit the Happy Basket program. We had more than 1000 food items donated to this great program. As you know the donations are directed to Cumberland families in need. Thank you.

H1N1 Clinic

As you know we conducted the H1N1 Clinic today at McCourt. I wanted to take a moment to share with the McCourt community my perspectives on the clinic today. From faculty and staff to volunteers the clinic went very well. The cooperation between school personnel, local emergency services, and the state inoculation team was excellent. In addition, many of the individuals from other organizations that participated today commented on the exceptional behavior and the incredible respect our students exhibited throughout the day. We should all be proud of our students.

School Dance

We have planned a school dance for this Friday, December 4th from 6:30-9:00p.m. The permission slip is attached to this email.

Progress Reports

A reminder that Quarter 2 Progress Reports will be mailed to families by Tuesday, December 8th. Anyone who has signed up for McCourt's "Going Green" initiative will not receive a progress report, but will instead utilize I-Parent to access their child's progress grades. Please contact me via email if you have questions.
